THREE DAYS ONLY
30th, 31st July & 1st August 2019
Welcome!
from the New Forest Marque team

Thank you for supporting ‘The Sign of True Local Produce’ – and picking up your copy of the 2019 New Forest Marque Local Produce Guide. This year sees us celebrate our 15th anniversary, a great achievement for all involved since 2004.

Originally formed as ‘Forest Friendly Farming’ the New Forest Marque was created to support Commoners and New Forest smallholders. Over the last 15 years we have evolved to become a wide reaching organisation. We are now incredibly proud to represent three distinct areas of New Forest business; Food and Drink, Hospitality and Retail and Craft, Art, Trees and Education. All are inherently intertwined in supporting our beautiful forest ecosystem, preserving rural skills and traditions and vital to the maintenance of a vibrant rural economy.

Our members include farmers, growers and producers whose food and drink is grown, reared or caught in the New Forest or brewed and baked using locally sourced ingredients. Taking inspiration from our unique landscape and surroundings our crafters and artists work with locally sourced materials wherever possible.

We hope you enjoy browsing through the 2019 New Forest Marque Local Produce Guide.
Mary the mare
Our cover star is Burley Eclipse, aka Mary, a purebred New Forest pony. She is invaluable to her Commoning owner for her sure-footedness and skills when drifting (rounding up ponies out on the Forest) and has competed in the New Forest Boxing Day Point-to-Point race, believed to be the last authentic race of its kind in the country. Mary is willing to turn a hoof to anything asked of her and her super-power is that she always looks after her rider.

New Forest Tartan
The beautiful front cover rosette is designed specifically to mark our 15th Anniversary. The tartan ribbon is the official registered tartan of the New Forest and is inspired by our surroundings. It has perfectly captured the striking colours of the landscape – glorious green of the oak and holly, shimmering silver-grey of the silver birch, the plentiful purple heather and rich russet red of deer and bracken. Kate Collison founded New Forest Tartan Company in 2017 and insists “this is not just my tartan this is the tartan for the New Forest”.

Meet James Golding
Group Chef Director of The Pig’s five ‘Restaurants with Rooms’ across the South, James is the latest member of the Marque team. Passionate about local produce, James is committed to championing Marque work: “The New Forest Marque fits perfectly with the ethos behind The Pig brand – sourcing hyper-locally, eating seasonally and preserving and enhancing produce to ensure year-round supplies. I’m delighted to be an Ambassador and look forward to an exciting year ahead celebrating 15 years of true local produce.”

How to use the directory
The 2019 Marque directory has been designed to complement the three distinct areas of membership:

- food and drink
- craft, art, trees and education
- retail and hospitality

Each has its own dedicated section with introduction and member listings – and, where relevant, keys to indicate online shopping 🛒, wholesale/trade enquiries 📦 and retail 🛍. Members are listed alphabetically in the Index at the back of the Directory. Happy browsing!

Help us celebrate!
2019 is a very special year as we celebrate our 15th anniversary. There is always plenty of opportunity to eat, buy and enjoy. Follow us on Facebook, Twitter and Instagram and check our website www.newforestmarque.co.uk to keep up-to-date with all our latest news and notice of up-coming events.

FOOD AND DRINK

Our producers offer an extraordinary variety of produce to delight your taste buds from meat and game to fish and freshly grown vegetables, soft fruit and drinks of all sorts. Check this section to see the full range.

Whether the food and drink you are enjoying comes from a traditional Commoning operation, smallholding, or a larger farmer or grower, you can be assured that every plant or animal labelled with the New Forest Marque logo has spent at least half of its life growing right here in the New Forest.

Fruits of the sea
New Forest Marque produce is not limited to land-based food and drink – we are also lucky to have a coastline. We offer a variety of succulent fish and seafood as well as farmed trout.

Our farmers and growers produce a wide range of fruit and veg through the year. From March to November fruit farm members produce an abundance of the UK’s favourite summer fruit – strawberries! Locally grown, they are a must for any cream tea, jam making, picnic or cheeky fruity accompaniment to a relaxing summer beverage.

Pannage pork
Unique to the New Forest, for only 80 days during the autumn months, the annual Pannage season takes place. An ancient Commoning right, it sees pigs turned out into the forest to eagerly gobble up fallen acorns which would otherwise be poisonous to livestock. The subsequent ‘Pannage Pork’ is highly sought after and has a distinct, nutty flavour.

Our New Forest Marque producers, brewers, bakers and preservers are committed to sourcing their raw ingredients from within the forest wherever possible. In this section you will find a scrumptious wealth of fantastic foods and delicious drink.

Craft, Trees, Art and Education

Skilled crafters, artists and education providers make use of locally sourced materials and take inspiration from our New Forest surroundings. In these pages you will also find woodworkers of all types from tree surgeons to wood turners.

Approximately one third of the New Forest Marque membership is craft, art, trees and education related. Still at the heart of the Marque membership, for these businesses the New Forest continues to be the provenance of their product.

No air miles!
New Forest Marque crafters and artists are inspired by their surroundings. For a hand-crafted item to have the New Forest Marque stamp of approval it must not only be made in the Marque area but also be produced from a minimum of 25% locally sourced raw materials.

No surprise, this is easily achieved by our wood workers! Skilled and meticulous, they produce a wide range of beautiful wood products – from traditionally turned bowls, platters and carefully finished doorstops to walking sticks, sculptures, hand-crafted furniture and even exquisite wooden stringed instruments.

Traditional skills
Other craft members demonstrating traditional artisan skills include soap making and skin care products made from the finest of locally sourced natural ingredients, hand stitching, spinning and knitting using New Forest reared mohair and wool.

Outdoor learning
Education and engagement plays a huge part in the Forest’s past, present and future. For those members dedicated to teaching, there really is no showcase better than the outdoors which is right on our doorstep.

Looking for the perfect gift, product, stand out hand-crafted souvenir or exciting educational experience? Your search starts here.

Short Breaks, Holidays and Holiday Home Ownership with Hoburne.

All year round holidays with Hoburne. Why limit yourself to summer? All our parks have everything you need to enjoy a break with the family, or just you and that someone special; the whole year round.

Between them, our 8 holiday parks cover some of the most beautiful and unspoilt countryside in the whole of the UK – as well some of its most historic sites and landmarks, and exciting family attractions. From water and forest to beaches and sea views, clifftop walks to meandering cycle trails, a Hoburne holiday puts you at the heart of it all.
